"We're so positive that Roach Kill will kill every last roach in your house that we'll send you a free gift just for trying it."

"ROACHES! I HAD THEM BY THE HUNDREDS, BUT NOW I DON'T HAVE A SINGLE ROACH"

(By J. Robson)

Have you ever seen a roach run out of a bowl as you were about to put food in it? Well, I have. Just turn out the lights and an army of roaches would attack the whole house.

I had tried smelly sprays and other insecticides to get rid of them. But they just kept coming back. Nothing worked for very long, but then...

A friend told me about an amazing powder, Roach Kill that killed all her roaches. I tried it, and it worked like a miracle. It killed them all for good. Now I don't have a single roach.

Roach Kill is an odorless, white powder. Roach Kill is applied in seconds from a squeeze bottle behind appliances.

The secret is in the fact that it's odorless. Roaches can't smell it, so they don't avoid it like they avoid smelly spray insecticides. Instead, they walk right over it. They pick up a little bit on their legs and carry it back to their hidden nests in the walls. There, it wipes out the whole colony that breeds new roaches.

It keeps right on working even months after one, and only one, treatment.

Roach Kill is so incredibly effective it has a double-your-money-back guarantee. Roach Kill is guaranteed to wipe out every roach in the house or apartment with one treatment, or we'll send the customer double his money back.

All a customer has to do is return the empty bottle with a note that he or she was not
